

Average Sea Surface Temperatures (1985-2005): Seasonal and Year-round

Map Citation: NOAA National Centers for Coastal Ocean Science (NCCOS) 2007. Data Source: Varis Ransi of NOAA provided data and analysis from the Pathfinder version 5.0 Data Set, derived from Advanced Very High Resolution Radiometer (AVHRR) satellite data, from NOAA polar-orbiting satellites, and NOAA's National Oceanographic Data Center (<http://pathfinder.nodc.noaa.gov>).
